THE GOPHER CONSPIRACY.

There has recently developed a conspiracy against Senator Stewart which is one of the most underhanded pieces of political chicanery ever known in Nevada politics.

There are several candidates in the field already for the United States Senate. They do not come openly to the fore but are quietly burrowing and gophering around in the ground to undermine Stewart, ostensibly working for Bartine but in reality working for themselves. Their plan is to use Bartine as a blind behind which they can work, and if they succeed, Bartine will be cast aside as of no further use to them, they expect to get into the legislature and divide the spoils.

Not one of these men would ever be thought of as senatorial timber and if they come out openly their candidacy would only be hailed with shouts of derisive laughter from White Pine to Storey. In this fight they expect the assistance of the eastern gold-bugs and a heavy barrel from Wall Street.

One of these political gophers that is scratching dirt from under Stewart is a man who robbed and fled him six years ago, a man who, if he got his just deserts would be cracking rock in the Penitentiary for the infamous way in which he looted him under cover of being his worker.

When the Wall street barrel reaches Nevada these fellows will begin to reach for it and the fight over this misplaced deposit will be just beautiful to behold. It will disappear like an acre of young oats ravaged by a thousand sheep.

These gophers must be floundered out of their holes and their bodies washed to the surface where they can be inspected by the public. The people of this State are for Stewart for the U. S. Senate and they will not be tricked out of his election. His defeat would be the cause of a torch light procession on Wall street and make Nevada a waste dump.

His defeat would end the fight for Nevada silver in the Senate of the United States. It would be proclaiming to the world that the silver State was not in earnest when it called for its rights.

The fight against the white metal is now going on all over the United States, but Nevada is the key of the position and the grape and canister of the enemy will sweep across this State.

In one of his battles Napoleon saw a rising piece of ground where the fire of the foe was concentrated and this spot had to be held at any cost. He caused an inscription to be placed there which read:

"The place for brave men."

When the inscription was read the cry went through the ranks of the French and they massed themselves upon the hill.

The place was held, the day was won; Napoleon had not mistaken the mettle of his troops.

Nevada, in this fight will be the place for brave men. Men who will not flinch from a contest involving the prosperity of their homes; men who cannot be bought.

If the fight is lost, the decent, self-respecting element of Nevada may as well pack up their household effects and seek other States, where they can secure the boasted benefits of protection and leave this State to the purchasable riff raff who barter the public interest at the polls and the political gophers who undermine our commonwealth.

The APPEAL believes that this conspiracy against Stewart will go to pieces inside a week.

The New York Sun admits that Weaver is likely to carry every Southern State but Maryland and Kentucky.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock. d 13 tf
